Optimize Color And Black & White Print Productivity

Savin IS300e

A Multifunction Solution

Imagine being able to expand the capabilities of your printer with an advanced yet cost-effective multi-function solution. Now you can. The **Savin IS300e Image Scanner** dramatically boosts productivity with advanced duplex network scanning, plus enables convenience copying in color and black & white thanks to seamless integration with your Savin Printer.

When it comes to getting the most from your Savin Printer, the new IS300e Image Scanner makes sense *and* saves dollars, leveraging your investment with enhanced functionality.

savin®

Savin IS300e Image Scanner

Streamlined Document Scanning And Quality Output Are All At Your Fingertips

The Savin IS300e Image Scanner transforms your laser printer into a versatile multi-function system that provides both document input and output capabilities to satisfy your demanding workflow. Scan documents, photos and more – up to 11" x 17" in size – directly to e-mail for fast, efficient electronic distribution; or print out images on your local or network Savin Printer. You can even scan documents and output them at your printer's rated speed.

With the included network interface card (NIC), the IS300e Image Scanner is a shared network solution for streamlining document processing and distribution:

Scan-to-Print maximizes the functionality of your Savin Laser Printer by supporting basic copying features, while minimizing the cost of color reproduction. The IS300e Image Scanner takes advantage of the engine speed of any compatible local or network Savin Printer you specify to optimize print output efficiency and quality. Your printer investment is further extended through the ability to make crisp copies in color or black & white, on-demand.

Scan-to-E-Mail allows you to instantly and simultaneously distribute scanned documents in TIFF, JPEG or PDF file format to multiple e-mail recipients over the Internet or intranet, saving time and expense versus more tedious and costly faxing. You're also assured the utmost document quality with advanced scanning technology. Conveniently enter and manage up to 2,000 e-mail addresses right from your desktop with Web Status Monitor.

Scan-to-Folder lets users send scanned forms, applications, reports and other documents to a designated folder on the network for review, providing a cost-effective archival and basic print-on-demand solution. As this utilizes your existing LAN or WAN network infrastructure and requires no additional hardware/software, archiving hardcopy documents is as easy as it is inexpensive. Through the user friendly operation panel, users can send a scanned document to a Windows based registered folder or use Web Status Monitor to enter and send a customer file to any shared file.

Scan-to-FTP facilitates sharing files outside the network and within different Operating Systems.

TWAIN capability allows you to capture hardcopy images in digital form for further editing back at the host PC, for incorporation into various TWAIN-compliant software applications, or to save for future use.

IS300e Scanner shown with the CLP35 D Color Printer and optional Scanner Table.

Putting You In Control

The IS300e Image Scanner empowers your business with the benefits of centralized color network scanning by smoothly integrating with your existing setup. Advanced Savin software brings it all together and puts you in control of your documents and office systems.

The innovative Savin IS300e Image Scanner works harder and smarter to make the most of your printer investment.

SPECIFICATIONS

Basic Mainframe Specifications	Part # 402252
Scanner Type	Flatbed color image scanner with built in ARDF
Resolution	Optical 600 dpi
Scanning Speed	Simplex: 31 black & white/10 color ppm @ 200 dpi Duplex: 13 black & white/7 color ipm @ 200 dpi Based on letter/portrait
Original Sizes	Up to 11" x 17"
ARDF Capacity	50 sheets
ARDF Document Weight	Simplex: 10 - 33 lb. bond Duplex: 14 - 28 lb. bond
Connectivity	Scanner: 10/100BaseTX (Standard), IEEE802.11b (Option)
Driver	Network TWAIN (100 - 2400 dpi)
Data Compression	MH, MR, MMR, JPEG
Power Consumption	120V/60Hz
Dimensions	23.2" x 25.5" x 10.4"
Weight	Less than 64 lbs.

SCAN-TO-E-MAIL SPECIFICATIONS

Communication Protocols	SMTP and POP3
Authorization Function	SMTP authentication POP before SMTP authentication
Resolution	100 dpi (default), 200 dpi, 300 dpi, 400 dpi, 600 dpi and Custom (100 - 1200 dpi)
Mailbox Capacity	Max. 2,000 e-mails
Supported File Formats	
Black & White	Single/Multi Page TIFF, PDF
Color	Single - TIFF, JPEG, PDF/ Multi Page TIFF, PDF
Address Numbers Per Send	Maximum of 100 addresses

SCAN-TO-FOLDER SPECIFICATIONS

Resolution	100 dpi (default), 200 dpi, 300 dpi, 400 dpi, 600 dpi and Custom (100 - 1200 dpi)
Communication Protocol	SMB, FTP
Scan File Size	Maximum 64MB
Destination Address Input	Web Status Monitor
Number of Folder Destinations	Maximum of 1000 folders
Supported File Formats	
Black & White	Single/Multi Page TIFF, PDF
Color	Single - TIFF, JPEG, PDF/ Multi Page TIFF, PDF

SCAN-TO-PRINT SPECIFICATIONS

Resolution	Input: 300/600 dpi Output: Dependent on output device
Speed	Continuous printing speed same as printer speed
First Print Speed	Depends on the printer specifications and document type
Reduce	25%, 50%, 65%, 73%, 78%, 85%, 93%
Enlarge	121%, 129%, 155%, 200%, 400%
Custom Ratio	25 - 400% by 1%
Multiple Prints	Up to 999
Max. Printers Available	99 units
Printer Interface	USB 2.0 and 10/100BaseTX

COMPATIBLE SAVIN PRINTERS

CLP35, CLP1036 and MLP32

SCANNER OPTIONS

Table for CLP35 Color Printer

*It is recommended that the IS300e scanner table is sold only with the CLP35 DT1 configuration. The stand is adjustable and can accommodate the different heights. The stand cannot be used with the CLP35 and CLP35 D versions. You must purchase a minimum of 1 additional paper tray in order for these units to accommodate the scanner table.

IEEE 802.11b Wireless LAN Part # 402001

**Note: Cannot simultaneously install with the USB 2.0.

Image Processing Unit Part # 400306

UTILITIES

Web Status Monitor, ScanRouter V2 Lite, DesktopBinder V2 Lite and SmartDeviceMonitor (Standard)
